

WORKING AT IBA

Are you ready to join IBA to push back the boundaries of innovation? Together, we will develop new technologies in the treatment against cancer. At IBA, our mission is to **PROTECT**, **ENHANCE** and **SAVE** more **LIVES**.

We are looking for engineers with a background in electronics, electro-mechanics, electric, mechanics, physics and software. Above all, we are looking for individuals that are passionate, curious about new technologies and willing to always go one step further.

Ready to take the challenge? Visit our website: www.iba-careers.com.

INTERNSHIP AT IBA

At IBA, we welcome every year around 40 students for a qualitative internship in Engineering, R&D, IT, Logistic, Manufacturing, Marketing, Communication, Finance and much more.

Interested? Send your CV and motivation letter to: BE_internship@iba-group.com.
